

# High-pressure tank K500

**RECOVER**  
ECO<sub>2</sub> technology

## Technical parameters:

- max pressure 200 bar
  - Dimension 2400x820x650
  - Volume 500 l
  - Weight - empty 480 kg
  - CO2 capacity 400 kg
  - Stackability 5x
  - Manipulation both longitudinally and transversely
  - Crane hook
  - Positionability - vertically, on both sides and horizontally
  - Frame design stainless steel
  - Modular construction
- 
- Price : ..... 4.000 Eur
